PROFILE

B.Tech student specializing in AI/ML with hands-on experience building applications, models, and web tools. Skilled in Python, Java, and C++ with knowledge of machine learning, deep learning, NLP, and prompt engineering. Applied AI in edtech, media, and content automation.

SKILLS

- **Programming:** Python, Java, JavaScript, C, C++
- **AI/ML Tools:** TensorFlow, Scikit-learn, Pandas, NumPy, Google Collab,Hugging face Transformers , OpenAI API
- **Web:** HTML, CSS, WordPress, CodePen, Microsoft Visual Studio
- **Design & Creative Tools**:Adobe Photoshop, Canva, After Effects
- **Specialized:** Machine Learning, Deep Learning, NLP, Neural Networks, Computer Vision, Data Science, Data Structures & Algorithms, Prompt Engineering
- **Soft Skills:** Analytical Thinking, Problem Solving, Team Collaboration,Content writting , Communication
- **AI Integrations & Automation:** n8n, Make (Integromat), Retell AI, ManyChat

EXPERIENCE

AI/ML Engineer — AppSynergies Pvt Ltd

Delhi | May2025–Jul2025

- Designed and deployed automation workflows using n8n, Make, and AI integration tools.
- Implemented conversational AI solutions with Retell AI and ManyChat to enhance client engagement.

AI&DataScience Intern — LastBook (EdTech)

Delhi | May2025–Jul2025

• Built Python pipelines to handle and visualize student performance data

AI Research Intern – Media & Content — Khabre Vidyarthi

Delhi | Jan2025–Apr2025

• Automated content scheduling and tracked reach with analytics tools.
• Collaborated with the team to test engagement strategies.

Web Development Intern — CrowdFireMedia

Delhi | Oct2024–Dec2024

• Developed and optimized responsive web applications using HTML, CSS, JavaScript, and React

PROJECTS

• **Text-to-Image Generator (AI + Web App):** Web app turning text prompts into images with Java APIs and responsive UI.
• **AI-Powered Quiz System:** Quiz platform with instant scoring, AI randomization, and responsive front-end.
• **Student Management System:** Web app for enrollment, grades, and attendance.
• **Portfolio Website:** Personal site showcasing skills, projects, and achievements.
• **To-Do List with Priority:** Web task manager with color-coded priorities.

CERTIFICATIONS

- Agentic AI: From Learner to Builder – IBM SkillsBuild
- Digital Transformation with Google Cloud–Coursera
- Build a Free Website with WordPress – Coursera
- Complete Python for Beginners (2025) – Udemy
- Spoken Tutorial Project – IIT Bombay (3 modules)

EDUCATION

B.Tech – Computer Science & Engineering (AI/ML)

Dr.A.P.J.Abdul Kalam TechnicalUniversity | 2023–2027

Modern School Vaishali | PCM (2019 – 2023)
